Title: Sport sécuritaire : enjeux et pratiques critiques

Author: Julie Stevens

Description: This document contains hyperlinks to all 21 YouTube videos included in our edited book. 13 of them were made by our content creation team in iMovie from content that we own the rights to, and 8 were provided to us by our authors who have all agreed to the [CC-BY-NC-SA 4.0](#) copyright agreement. We are submitting the videos as hyperlinks rather than MP4 files as we are under the impression that this is all that is necessary for submission of editable files. However, if you need us to change anything in our YouTube settings, please let me know by emailing me at jstevens@brocku.ca. Thank you.
