

# TRANSFORMING ASSESSMENT

## STRATEGIES FOR HIGHER EDUCATION

### Accessible Activity Text

*Module 2 - Slide: Activity: The Fairness Principles (11.8)*

Review and reflect on the differences between the statements in the correct and incorrect column of the table below.

Correct	Incorrect
Assessment should align with course learning outcomes and content.	Assessment should align with instructors' priorities and beliefs.
Assessment should be transparent.	Assessment should trick students.
Assessment should endeavour to be free from bias.	Assessment should prioritize high-achieving students.
Assessment should be inclusive, equitable, and accessible for all students.	Assessment should be the same for all students.
