

GETTING TO KNOW YOUR CLASSMATES

Find someone who....

Get up and ask your peers, one at a time, questions to find out the information necessary to respond to the prompts below. Ask your questions to different people in the room until you have at least two names for each item. Do not allow your peers to read from your sheet or reveal the names you have collected.

- likes to cook
- knows how to play a musical instrument (which one?)
- likes to play video games (what is their favourite game?)
- knows how to speak more than 2 languages (which ones?)
- thinks he/she should exercise more
- has visited more than 5 different countries (which ones?)
- is an only child
- has a pet (what kind?)

Now, choose a partner. Ask him or her the following questions. Make sure to record the answers so that later you can introduce your partner to the class. Then switch roles.

1. What is your name?
2. Where are you from?
3. What is your favourite colour?
4. What word best describes you?
5. Who is your favourite celebrity and why?
6. What is your greatest accomplishment (thus far)?
7. What is your favourite food?
8. What is the kindest thing anyone has ever done for you?
