

Teamwork Part 1 Content Links

How to use this document

Throughout the 5 Teamwork H5P Interactive Books in Part 1 there are several places where documents can and should be linked for students. This will create a more cohesive and smooth experience for learners.

All the relevant documents are saved in the *Teamwork Skills for Undergraduate Students, Part 1 Course Documents* zip file (available on the VLS Collections site).

You will need to download this zip file, unzip it, and upload the individual files to your Learning Management System (LMS) or document sharing platform of choice (Google, Dropbox, OneDrive, etc.). Make sure you have chosen a sharing option that will allow your students to access them. Once you have done this, you can copy the individual Share links to add to the relevant H5P elements listed below.

Details on [how to edit and reuse the H5P Interactive Books is available on the H5P Website](#). Once you have uploaded the file onto your own H5P account (currently [March, 2022] free through [eCampus Ontario H5P Studio](#)), you can use the “Link” option (or the keyboard shortcut “ctrl+K”) in the Edit Text area to create hyperlinks for each of these documents.
