

Transcript of What is a Patent (Canada) Video

A patent can be your most valuable business asset

So what is a patent in Canada?

A patent is a legal document granted to you

A patent confirms your exclusive right to your invention for up to 20 years!

A patented invention can be a product, a composition, a machine, a process or an improvement to any of these

A patent gives you a competitive edge.

How?

A patent can help protect your invention

A patent can help prevent others from using your invention

A patent can help negotiate financing

A patent can help license to others

A patent can ultimately be sold

Your invention can become a patent if it is new, useful, inventive
