

## **PSYC 2000 Video Transcript**

### **1. First video**

A 5- or 6-year-old girl is sitting on couch, brushing her stuffed animal's hair.

### **2. Second Video**

A boy aged 1-2 playing with multicoloured plastic ring stacking toy. He puts the smallest orange plastic ring on the top of the stack. He then takes it off and then puts it back on.

### **3. Third Video**

Student aged 10-11 using a robotic set to build something in a classroom setting.

### **4. Fourth Video**

Two girls working on a mathematical equation on a chalk board. The younger girl is standing on the left side of the chalk board (approximately 8 years old) and the older girl (approximately 11 years old) is on her right side. The older girl is writing on the chalk board.
