

This book provides an introduction to a variety of topics in business math including simple and compound interest, annuities, payment schedules, mortgages, and more. This supplemental textbook covers topics from Chapters 8 to 13 inclusive, adapted from the original *Business Math: A Step-by-Step Handbook* by J. Olivier and Lyryx Learning Inc. providing extra resources, examples, and storytelling activities.

BUSINESS MATH: A STEP-BY-STEP HANDBOOK ABRIDGED

**Sanja Krajisnik; Carol Leppinen; and Jelena
Loncar-Vines**
